

HOOD to COAST RELAY

THE RACE IN RETROSPECT (1987 Results)

Thanks for helping to make the sixth edition of the HOOD TO COAST RELAY the best ever. We set out in dense fog at Timberline Lodge with our limit of 500 teams. The cool overcast weather throughout Saturday provided the best weather conditions of our race's history. Consequently, there were new records established in 7 of the 12 categories.

Next year's race will be held on August 26, 1988. We will maintain the 500 team limit. We will release flyers for early entry late this Fall. By doing this teams can register far in advance and be able to make their plans accordingly. Because of increased demand to run in the race, we strongly recommend entering as soon as possible. If your team qualified for 1-hour finisher medals, don't forget to pickup them up at Pace Setter Athletic in Portland.

Pertinent Results Information:
500 teams registered and 487 teams finished. Teams were omitted from the Results for the following reasons: 14 teams for not turning in scoring sheets; 14 teams for not having one or more of their volunteers report to their job; 4 teams because of rules disqualification. 14 teams were penalized 30 or 60 minutes for rules infractions.
