

## WELCOME TO THE Mother of All Relays

The Mother of All Relays adventure with the 33rd annual Providence Portland To Coast Walk Relay starts along the river of the City of Roses and traverses iconic scenery for 127 miles to the Pacific Ocean with an awesome party on the beach! Each Portland To Coast Walk Relay brings its own authentic vibe, just like the teams who walk in it and bring their own unique energy and enthusiasm. Thanks for being part of the experience, in the 36th straight year of selling out and 31st straight year of capping the lottery on opening day of registration!

The Portland To Coast Walk has unquestionably progressed since beginning in 1991, with a handful of competitive walkers. Yet each of us understand that at its essence, this longstanding walk relay has remained unchanged in spirit.

Each of us has been impacted either directly or through family or friends with cancer. Scientific breakthroughs are delivering results at the Providence Cancer Institute, considered to be one of the top cancer research and treatment centers nationwide, and at the forefront of immunotherapy. Helping this renowned institute improve the lives of people with cancer, while strengthening the health of our communities creates real progress. You and your teammates can support this mission by fundraising: <u>https:// rb.gy/46lyl8</u>

Additionally, here are some insights for this year's race:

- Download the Hood & Portland To Coast App (available in early Aug) to skip the lines at the Start with the Alaska Air Team Pre-Check. Additional resources in the App also!
- Alaska Air campout at Exchange 24! Get some shut eye in these already set up tents, first come first serve. Just provide your Alaska Air mileage plan number. (Additional designated sleeping fields are at Exchange 18, more at Exchange 24, and Exchange 30).
- Incredible Finish Party festivities on the beach, including the new Dance Hall Days Band (6:45pm-11:00pm) and music bands throughout the day/eve to keep you going!
- Race official volunteers are provided with a free, new reflective vest and race official shirt to wear and keep, as well as customized online training.
- For teams deemed "local" three volunteers are needed to support the 127 mile race course. These volunteers will watch online training and pass the multiple choice questions (available online July 10 – July 31).

If considered a local team, someone from your crew should pick up your event bag (race shirts, race bibs, partner swag) from the HTC/PTC Office DRIVE THRU PACKET PICKUP (7236 SW Durham Rd #800, Portland, OR 97224) from 9:00am-2:00pm, August 7 – August 9.

Thanks for joining the Portland To Coast Walk community! Can't wait to see what memories you all make!

Felicia Hubber

## CAPTAIN'S CHECKLIST TRAVEL/ACCOMMODATIONS

Plan ahead! PTC Relay staff are available to answer questions regarding team vehicle, hotel, and flight reservations. E-mail **office@htcrelay.com** with questions. As the Official Airline of the Hood To Coast/Portland To Coast Relays, Alaska Airlines is pleased to provide discounted travel for Portland To Coast participants. Registered participants receive an e-mail with a 10% travel discount information and booking link for the 2024 Relay! Check the Hood To Coast website for a discounted booking link at the PTC Headquarter Hotel, AC Hotel.

#### VANS AND VAN DECORATION

Teams are encouraged to make a sign for each of their vehicles that reads: "CAUTION: WALKERS ON ROAD" to place in the rear of the vans. Download and print free Caution signs on the PTC website. Vans may not follow behind their walker.

Each team is limited to two vehicles, preferably a passenger van or SUV. All passengers must wear seat belts when in the vehicle. No vehicles wider than 80" or longer than 23'-0". No motor homes, buses or limousines will be permitted. Failure to abide by this rule will result in disqualification.

Each team will be issued four signs, two are colored and two are white. On Van 1 securely tape white signs on the front and rear driver side windows. On Van 2 securely tape colored signs on the front and rear driver side windows. The colored sign is required to access legs #19-23 and #32-36. Both signs need to be clearly visible. **REFRAIN FROM THE USE OF FOUL OR OVERLY SUGGESTIVE LANGUAGE FOR DECORATIONS. HAVE FUN, BUT PLEASE USE GOOD JUDGMENT.** To be as respectful as possible to the communities we pass through, race organizers prohibit music from being played outside the team vehicle on loud speakers!

#### VOLUNTEERS

Teams with at least one member residing within a 100 mile radius of Portland are considered local and required to provide three race volunteers. Don't bring children or dogs. Volunteers should be assertive and have positive attitudes! Captains are responsible for ensuring that their volunteers each take (and pass) the mandatory online training, are at their appointed job at the designated time, and fulfill the required tasks. **Volunteers receive shirts on-site, as well as a brand new, free PTC reflective vest to take home at the end of shift.** Bring a flashlight and two LED flashers for a night shift. If a volunteer cannot report, it is up to the team to find a replacement and make sure they report to their specific volunteer location. Please note the volunteer code of conduct

online and within volunteer training. https://hoodtocoast.com/htc/volunteer-info/

#### **REQUIRED TEAM SAFETY EQUIPMENT**

Each team MUST have the following set of items in each of their vans and present them for inspection on the HTC App or at the Check-In Tent.

- Two reflective vests
- Two LED flashers
- Two flashlights, headlamps, or hats with light.

\*While it is highly recommended to have a First Aid Kit in your van, this is not a required item at Check-In.

#### START LINE CHECK-IN PROCEDURE

The START is located at the OMSI gravel lot at the end of SE 2nd Place, adjacent to the Tilikum crossing, at 2201 SE Water Ave, Portland, OR, 97214. The 2024 Portland To Coast Relay begins Friday, August 23, with start times waves occurring every 5 minutes. DON'T BE LATE! To avoid congestion through the local communities only one team vehicle (Van 1) recommended to be present at the Start. Non-local teams are to receive their packets, race numbers, vehicle signs, and T-shirts at the Start. Arrive 30 minutes prior to your Start Time to collect these materials and officially check in. All local teams pick up shirts, race numbers, and supplies two weeks prior to the event at the drive through packet pickup on Aug 7-9 from 9AM-2PM at the HTC Office (7236 SW Durham Rd, Suite 800, Portland, OR, 97224). All teams can show safety equipment by taking a picture within the HTC App by Thursday, August 22 @ 12PM.

#### VAN 1 CHECK-IN PROCEDURE AT PORTLAND TO COAST START:

1. 30 minutes prior to your team's assigned Start Time, go to the Team Check-In Tent Equipment Check Area and have someone from your team (know your team number, only one person needs to go and this does not need to be the team captain) present the team's check-in approval within the HTC App or if you did not check-in on the app, present your working safety gear (**two reflective vests, two LED flashers, and two flashlights, headlamp, hat with headlamp, or Knuckle Lights).** Your team will then receive your office race baton. Non-local teams will also receive race bags, race bibs, and shirts. Without the official Race bibs and approved Safety Equipment, a team will not start the race.

2. Teams scheduled to start in each upcoming wave will have their team name/number announced five minutes prior to scheduled start. The first walker must be at the Start Line. Teams cannot start before their assigned start time!

#### VAN 2 WILL RECEIVE BIBS FROM VAN 1.

#### TIMING CHIP AND RACE BIBS

Van 1 will be issued all 12 bibs at the Start Check-In. Van 2 should receive their 6 bibs from Van 1. Van 2's bibs should include one with a shiny silver timing chip on the back. This bib MUST BE WORN BY THE LEG 36 RACER. Your official start time will be recorded at the start line, and this timing bib worn by the Leg 36 racer will determine your official finish time. Each participant must fill out the emergency contact information on the back of the bib in case of an emergency.

#### PENALTIES

Race officials record witnessed infractions and teams are permitted to report rule infractions committed by others. Teams that wish to report penalties (see 'Race Rules' pg 20-21) must do so in writing within 1 hour of arriving at the Finish. You must identify the offending team by number. The Rules & Penalties Committee will evaluate all incidents; their decisions are final. To enforce a penalty, infractions must be reported by two or more teams. This system has resulted in disqualifications.

#### <u>OPEN CONTAINER POLICY</u>

**Absolutely no open containers or consumption of alcohol is allowed during the race or on the race course!** Teams found to be in violation are subject to disqualification and/or citation by Law Enforcement if witnessed by race officials or other staff. Please save the celebration for after finishing the event!

#### **OFFICIAL MERCHANDISE**

Hood and Portland To Coast apparel will be available at the Start and Finish Lines. VISIT <u>shophoodtocoast.com</u> to order ahead of time for best available inventory! Shirts, jackets, hats and HTC buffs are all available!

#### PTC FIRST TECH FINISH

The First Tech Finish Line is located on the beach, north of the turnaround of Broadway Avenue in Seaside, Oregon. Traffic and parking are very limited in Seaside; so plan ahead. Free event shuttle runs every 15 minutes from Northcoast Family Fellowsip Church on leg 36. Larger lots at the Convention Center should have available parking.

**Finishing as a Team:** Team members are welcome to walk across the First Tech Finish Line alongside their anchor walker completing the race. Make sure your official Leg 36 (anchor) walker leads your team to the Finish Line. By wearing a bib with the timing chip, they will be credited with your team's official finish. Teams awaiting their anchor walker should look for the "Team Waiting" signs near the finish banner.

**Updated Finish Results:** Final results will be posted online at https://hoodtocoast.com/htc-ptc by Sunday. If you have questions or concerns regarding your finish time, please file a report prior to 8:30pm on Saturday to the Race Rules Tent.

**Finisher Medals:** Medals will be presented to each team as the anchor walker crosses the Finish Line. Medals must be picked up Saturday or at the HTC office in Portland, OR at a later date. **THEY WILL NOT BE MAILED.** 

**T-Shirt Size Exchange:** Exchange of unworn participant race shirts is subject to availability at the T-shirt Swap Tent on the beach.

#### FIRST TECH FINISH AREA ON THE BEACH

**Food and Beverage:** Hood and Portland To Coast welcomes back Century Catering to the 2024 First Tech Finish Party for a variety of delicious options.

**Beer & Wine:** On the beach, at the First Tech finish area party, come relax and enjoy offerings from Deschutes, Pacifico, White Claw, Athletic Brewing, or a Titos Cocktail! Bring ID, proof of legal age is required. DON'T DRINK AND DRIVE. BE RESPONSIBLE. Open containers on the prom are illegal and law enforcement will issue citations.

**Center Stage:** Throughout the day Saturday, we'll host live DJ music, along with a live performance from 6:45-11:00pm by headliner, **Dance Hall Days Band**, on Saturday evening on the beach. Plan on dancing into the night to an energetic and most entertaining Northwest favorite!

## First Tech<sup>®</sup>

#### FOLLOW ALONG

Want to follow along with other 2024 Portland To Coast participants? Share your pictures on social media using #PTC24 and and tagging us on Instagram @htcrelay or Facebook @hoodtocoastrelay

#### <u>AWARDS CEREMONY</u>

Saturday, 6:30PM-8:00PM , Hood and Portland To Coast awards will be available to the TOP SIX teams in EACH CATEGORY to be picked up. Awards **WILL NOT BE MAILED** to teams who aren't present. Other pick-up arrangements should be made.

Results can be found Saturday evening on the HTC website.

#### WASTE PREVENTION

#### **RECYCLE WITH US!**

Bring large (e.g. 5- or 7-gallon) water jugs in your van, and be sure to bring your reusable water bottles to refill along the race course, in order to avoid using as many disposable plastic bottles as possible.

Buying Gatorade/electrolyte-enhanced beverages in bulk powder form reduces waste, saves space, and is much cheaper as well! Use ClearStream recycling receptacles (for empty plastic bottles and aluminum cans only) at the Start, every exchange, and at the First Tech Finish Party.

You will also be provided a BottleDrop bag which we encourage you to use to collect any redeemable beverage containers you may have. All proceeds from this program support our charitable partners!

Avoid landfill items where possible, and please sort your recyclables out of landfill-bound waste.

Download the HTC app on your phone to eliminate the need for printing additional handbooks.

The sorting guide can be found on page 15.

#### CINDIE MCKENNA

Cindie McKenna was born in Van Nuys, California, and moved to Oregon in 1971. She began walking shortly after joining the Air Force in 1975. In 1982 she began participating in marathons and started walking ultramarathons in 1984. She ran Hood To Coast solo in 1995, 1996, and 1997 as a one-person team called Grit, Sweat and Tears.

"I was not worried I wasn't going to finish—I just wanted to make sure I finished in less than 48 hours. Bryon, Mike, and Tim kept me aware of how I was doing and let me know I was ahead of schedule. It really helped raise my

spirits. I was even able to pick up my pace the last few stages. Fortunately, the idea to match the start to my body clock and when the sun was out seemed to reenergize me, as I was approaching the finish in the light of day. And being among all the other teams and walkers, as well as their

support vehicles, really helped motivate me to reach my goal. In my third try I finally accomplished my goal, completing the course solo in 47 hours and 47 minutes.

Walking 196 miles from Mt. Hood to the Oregon coast solo is not a simple undertaking. It took a team effort,

with Bryon, Mike, Tim, and Gunner all playing key roles on the team. Bryon was responsible for the logistics and was also on the receiving end of my unpleasant moods during times when I was tired and irritable. Mike was gracious enough to provide support and pace me during all three years. Tim was a master motivator to me and to all ultrawalkers. Gunner provided support and ran with me during parts of the race.

The total team was really everyone who supported me, suffered along with me, stayed up throughout the night, and dealt with the multiple phases of the crazy, tired ultrawalker mood swings. Thanks to all for such great memories."

Adapted from Hood To Coast Memories

## INCLUSION AND MULTICULTURAL ENGAGEMENT ADVISORY COMMITTEE

## MISSION

THE INCLUSION AND MULTICULTURAL ENGAGEMENT (IME) ADVISORY COMMITTEE RECOGNIZES AND APPRECIATES DIVERSITY AND COMMITS TO EQUITY THROUGH INCLUSIVE EVENT ENGAGEMENT SO THAT WE DEEPEN TIES WITH DIVERSE PARTICIPANTS AND VOLUNTEERS, AND WE PROMOTE HEALTHY LIVING IN THE BROADER RUNNING AND WALKING COMMUNITY.

**"CREATING AN INCLUSIVE RACE COMMUNITY"** 

## **COMMITTEE MEMBERS:**

Nirav Dalal | Bret Barnum | Antonio Harris | Nicole Ver Kuilen | Carrie Kalscheuer | Hector Ignacio | Renee Rank Ignacio | Curtis Carroll | Ed Reilly | Scott Hatley | Imara Reimann | Marcelle Abel | Jocelyn Huffman | Jay Williams | Dan Floyd | Felicia Hubber | Megan Sweeney

# PACKING LIST

#### CLOTHING

- Three sets of walking clothes
- Walking shoes
- Warm-ups
- Swimsuit/trunks
- Two (2) reflective vests per team
- Two (2) flashlights or headlamps per team
- Spare running shoes, sandals
- Spare shoe laces
- Running gloves
- Bandana (dusty/gravel legs 20 & 21)
- Sunglasses, glasses, contact lens solution
- Walking GPS or other watch

#### EQUIPMENT

- Two (2) LED flashers
- Large full water jugs to refill water bottles
- Reusable water bottles
- Bags to sort recycling from landfill bound waste
- Ziploc plastic bags for wet clothes
- Scotch tape (to tape team numbers to van windows)

#### TOILETRIES

- Towel, washcloth (shampoo, hairbrush)
- Toothbrush/toothpaste
- Antiperspirant
- Sunscreen
- Bug spray
- Handi Wipes, antibacterial, hand sanitzer

#### ACCESSORIES

- Earplugs
- First aid (blister/band aids, Icy Hot, aspirin, antacids)
- Instant ice packs, Ace Bandages
- Cell phone and charger
- Sleeping bag/small pillow
- Food/snacks
- Cash/credit card/photo ID
- Outside the ear audio/speakers
- Safety pins

## PRO PACKING TIP

Pack each running outfit in its own labeled Ziploc bag. This makes it easy to find your next outfit in the van AND gives you a place to put your dirty outfit after running!

#### GOLD 100 CLUB

Hood To Coast and Portland To Coast Relay veterans who are verified by HTC staff/four attesters to have run or walked in 100 total legs of HTC or PTC from 1982 to present, will be commemorated with a golden relay baton to celebrate and thank you for your commitment to health and The Mother of All Relays! HTC has appointed a veteran representative to communicate with club members. If you would like to submit your qualifications to the Gold 100 Club, email

billfrith@comcast.net and copy office@htcrelay.com

## WASTE PREVENTION AT THE RACE #RACEMOREWASTELESS

#### AVOID WASTE, SKIP THE PLASTIC recycling is good, avoidance is better.

#### USE A REFILLABLE WATER JUG & BOTTLE

#### DID YOU KNOW?

A 7 gallon jug eliminates the need for 52.5 single use water bottles. Bring one 7 gallon jug or two 5 gallon jugs per van to keep your team hydrated.

#### BUY SNACKS & ELECTROLYTE BEVERAGE MIXES IN BULK

Rather than individually wrapped items.

container.

DOWNLOAD THE HTC APP

....to eliminate the need for printing an additional handbook and to view the HTC Recycling Sorting Guide.

Let's get recycling right. Use this guide to separate your recycling from landfill bound trash at exchange points. Want to take it to the next level? Avoid bringing items on the landfill list where possible.

#### PLAN FOR RECYCLING WALK. SLEEP. SORT. REPEAT.

## **#RACEMOREWASTELESS**

## RECYCLING

## LANDFILL

**PAPER ITEMS** 

PLASTIC BAGS AND SHRINK WRAP

GI AS

**CARTONS** 

**BAGS AND WRAPPERS** 

SERVICE-WARE

FOOD SCRAPS

When in doubt throw it out!

# TEAMMATES

Walkers looking for a team and team captains looking for walkers can connect by visiting <u>www.htcteammatching.createaforum.com</u> or <u>https://www.facebook.com/</u> <u>groups/19545613048/</u>. Chat with fellow participants, ask questions, and post to recruit other walkers! Discussions range from teams looking for additional walkers, to exchanging tips/advice and logistics.

#### TEAM TIME

No special seeding requests for starting times will be accepted. Teams that violate their assigned start time will be disqualified and subject to suspension in future events. It should be understood that the start time for any PTC team could result in a 9:00pm finish Saturday evening.

#### WALKER SUBSTITUTION

No walker may drop out of the race solely for the purpose of the team substituting a faster participant in their place. If a walker is forced out due to injury or illness, they MAY NOT be reinstated into the team lineup. The team must finish the event with the remaining walkers moving forward. No alternates may be added once the team has started. (60 min. penalty if involved in improper substitution.) Walkers are to stay in team's rotational sequence unless extenuating circumstances are deemed necessary by race officials. Team rotation questions/concerns will be reviewed, if necessary at the Finish Line. **HTC/PTC allows out-of-order sequencing of teammates for those needing special accommodation (approved by HTC Staff) for safe leg selection and further inclusion of athletes with disabilities. Service dogs are allowed to accompany participants if approved by HTC/PTC prior to event. Please contact office@htcrelay.com for pre-approval process.** 

#### LEGS

When determining who will walk each leg, (besides distance and leg rating), Captains should consider the following:

- Time of day walkers will encounter each leg
- Leg exposure to sun and/or wind
- Variable weather
- Walker ability/fitness
- Walker familiarity with the area
- Van support
- Walker willingness to walk on a gravel and potentially dusty road

Walkers on any given leg can experience intense exposure to direct sunlight and may not have immediate access to their team support vehicle.

# THE HTC APP

The HTC App is back and built to benefit all HTC & PTC participants and volunteers to make this the most memorable Mother of All Relays to date! Timing features include:

#### Team Pre-Check presented by Alaska Airlines

Upload a photo of your safety equipment and check-in your team prior to race day. Beat the lines for safety equipment check-in on the day of the relay and instead use the quick and easy "pre-check" line to receive your official race wrist wrap at the start! Pre-Check Opens August 19th at 6:00AM and closes August 22nd at 12:00PM!

#### **Push Notifications**

Stay up-to-date with course messaging from HTC/PTC Staff throughout the duration of the relay.

Participants may walk with their phone for communication with their team in areas with service.

## IMPORTANT

Every person walking race day MUST be officially registered, or your team will be disqualified. Add/Subs can be submitted via "Team Clubhouse" (<u>http://register.</u> <u>hoodtocoast.com</u>) up until race day. Race day Adds/Subs must be filled out in the HTC App. (\$25 late fee).

## HLE RIIFS The following rules are for the safety of participants. Violation will result in a time penalty or disqualification.

D SAFETY ENFORCEMEN Let's all play by the rules! Race Officials will be monitoring the course to enforce relay policies. Any rule infraction reported to race officials by two separate teams and deemed valid will result in automatic disqualification from the race course, and/ or if at the Finish, withholding of race medals and potentially further ramifications. Race Officials may also disqualify teams on the spot without prior warning for what they deem to be serious rule violations.

We will have Staff and Race Officials out on the course monitoring teams for adherance and safety to all rules. However, with 127 miles, we cannot be everywhere at once. We ask teams to help keep the course safe by reporting teams that are violating any HTC/ PTC rules. Please report any violations to an exchange leader or at the race information booth at the finish party. Fill out a Penalties form at Race Information tent at the finish line and note:

- Who (including team # and description of person)
- What
- Where (leg, exchange, other)
- When

#### GEAR

#### RACE NUMBERS 30

Race bibs must be worn at all times. The race bib with the timing chip on the back must be worn by the Leg 36 racer. Racers emergency contact info MUST be completed on the back of their bib.

#### REQUIRED SAFETY GEAR III

From 6:00pm - 7:00am, all participants on the course must:

- wear one front and back LED flasher
- carry flashlight, wear headlamp, or wear hat headlight
- wear reflective vest (this must be worn until 9:00am)

#### All teams can take advantage of digital, contactless check-in by taking

a picture of all safety gear within the HTC App. Once approved by admin, your team will be ready to go at your assigned team start time. Participants will be held at an exchange and not allowed to participate without the proper equipment.

#### NO STOPPING TO DROP OFF WALKER 30

No stopping, when vehicles are moving, to drop off a walker. This guickly causes congestion. No parking/dropping off teammates is permitted within 500 feet of an exchange! Vans must obey all exchange signage and issued parking instructions.

#### **NO VEHICLES FOLLOWING PARTICIPANTS**

No vehicles will be allowed to follow behind participants. Keep it moving!

#### **NO PARKING PRIOR TO EXCHANGE 30**

No parking is allowed along the road within 500 feet prior to an exchange. Parking is allowed in designated areas only after the exchange point marker. Please park off the road as far as possible, watch for participants, and stay alert to other traffic.

#### APPROVED VESTS

#### UNAPPROVED VESTS

#### DISPLAY OF TEAM VEHICLE SIGNS

Teams are provided with two white and two colored signs for course vehicles. Teams must display signs in the front and back rear windows of the van in such a way as to be easily seen by race officials (White-Van 1, colored-Van 2). We recommend using masking tape.

#### VEHICLE REQUIREMENTS 🛄

Team vehicles must not exceed 80" wide or 23'0" long. Vehicles must be equipped with seat belts for all passengers. No motor homes, buses, or limos allowed. Two (2) team vehicles are permitted on course. On Legs 19-23 and 32-36 only one team vehicle is permitted on the Relay route; the other vehicle must use the alternate handbook routes shown.

#### CONDUCT

#### ON COURSE CONDUCT

Any conduct deemed unsafe or unsportsmanlike by Race Officials will not be tolerated. Quiet hours are to be observed from 10:00pm - 6:00am. No loud noise, music, or yelling during quiet hours. No van decorations or team costumes that are overtly suggestive, sexual, or that contain foul language.

#### OBEY RACE OFFICIALS

Course volunteers, O.D.O.T. and traffic safety officials at exchanges are considered Race Officials. They have authority to disqualify a team (60 min. penalty minimum) for rule violations, abusive behavior, or failure to follow instructions given by volunteers.

#### NO ALCOHOL, SMOKING, MARIJUANA OR OTHER DRUGS 🔟

ANY participant or volunteer (seen by Race Officials or reported by two or more teams) smoking, with open alcoholic containers, marijuana or other drugs on the course will be disqualified. Depending on severity, team members may be banned from subsequent year's participation as well. Save the party for the finish!

#### USE SLEEPING FIELDS 🔟

Participants may only use designated areas to sleep (roped off with caution tape). Tents are allowed at Exch 18 and Exch 24. Sleeping field at Exch 30, but no tents. NO sleeping on the ground next to vehicle only in designated sleeping areas.

#### PUBLIC NUISANCE RULE 📶

Participants who are reported to have littered, urinated, or defecated on private property will immediately be disqualified. Please use good judgment and be considerate of property owners along the course. Portable toilets and ample garbage containers are provided at each exchange point.

#### <u>racer</u>

#### TRAVEL ON THE LEFT

Participants are to travel along the left shoulder of the roadway at all times, unless officially instructed otherwise (14-16)

#### GROSSLY INACCURATE RACE PACE SURVEY TIMES

Teams that start the race early or finish over 2.5 hours faster than their anticipated finish time risk being disqualified and all teammates may be banned from future participation.

#### 3 VOLUNTEERS PER TEAM 🔟

Local teams are responsible for ensuring all of their volunteers show up at the appointed time, to their assigned job and fulfill the tasks required. If a volunteer cannot report to duty, it is up to the Team Captain to find an alternate volunteer and make sure they report to the appointed job site. Failure of a volunteer assignment to be fulfilled will result in team DQ.

#### START TIME VIOLATION D

Teams who violate their start time and begin the race at any other start wave will be disqualified.

# Reward your legs after the walk.

We have the most legroom in Premium Class, where a walker can really stretch out and relax. Have a great race and we'll see you on board!

Proud to be the official airline partner of the Hood To Coast Relay.

## THANK YOU MALINE FOR STATE

Alaska Airlines is giving away two (2) round trip air travel vouchers to one lucky volunteer! Nominate your Most Caring Volunteer by posting a picture with them during race weekend and hashtag #AlaskaCarelines and tag @htcrelay on Instagram or Facebook.

The Mother of all Relays wouldn't be possible without support from 3,600 dedicated volunteers along the course! The provision of three (3) volunteers per local team ensures that all participants have a well supported and safe event. For complete volunteer requirements visit: **https://hoodtocoast.com/htc/volunteer-info/** 

## COURSE GUIDELINES

Exchanges are marked by chalk and exchange number flags. Portions of this course do feature gravel stretches, so bring bandanas/painter's masks.

Waiting Walkers who will walk the next leg should step out of the CHUTE into the EXCHANGE ZONE as your walker approaches. Walkers finishing must exit the exchange zone promptly.

All Spectators MUST remain on the RIGHT SIDE of the road. Walkers are to walk along the left side of the road except as indicated in the Team Handbook (legs #14 through #16).

The race course will officially close Saturday evening at 9:00pm. Any teams still on the course at that time are requested to either discontinue the race, or finish by walking simultaneous walkers (only if instructed by Race Officials and given a 'LeapFrog' to turn in at the Finish). If your team has been honest in supplying race pace times, everyone should finish no later than 9:00PM. This means some exchanges (33, 34 and 35) may close before 9:00pm due to scheduling.

#### TRIVIA

How many days does it take to set up the First Tech Finish Party on the beach?

- 10
- 6
- 3
- 1

## DID YOU KNOW?

Until 1990, Hood To Coast adjusted the weekend it ran in August to coincide with a full moon, making for easy visibility for night-time runners and walkers.

## SAFETY

#### **EMERGENCY PROCEDURE**

In an emergency, call 911 and locate the Exchange Leader or Radio Operator at the nearest Exchange, who will institute the emergency chain of command with the Race Command Center. Medical care and first aid safety is the responsibility of each team and participant. Each team needs to be prepared to care for the common medical needs of their walker, and should have a first aid kit prepared. You and your teammates MUST write important emergency contact and medical info on the back of your race bibs!

Walkie-talkies are very helpful for direct communication within your team and between vehicles at larger exchanges. Encourage teammates to run/walk with their fully charged phone if an issue were to arise where contact was needed.

#### COMMUNICATIONS

Radio Communication Operators are at all exchange zones along the race course. Ham operators' primary responsibility is communication for emergencies, but they also help with logistical issues. If you see anyone hurt, please get their race number, exact location, and nature of the emergency, if possible. Report this information to radio operators at the next Exchange. They are capable of calling in full emergency medical, police, and fire response. Radio volunteers register via: <u>https://ham.hoodtocoast.com/</u>

#### WALKING AT NIGHT

Maintain contact with your van within reason along the course. DO NOT follow behind walkers! Vans can pull in a safe area (off of the road)! Don't obstruct traffic! **Participants must wear a reflective vest, front and back LED flashers, and carry a flashlight or wear a headlamp from 6:00pm through 7:00am (through 9:00am for reflective vest only) while walking. THIS IS STRICTLY ENFORCED.** Teammates/support personnel are highly encouraged to wear a reflective vest and LED flasher when not inside the race vehicle, while on the course or at an exchange. We also encourage you to wear bright colored clothing at all times of day and light/bright clothing at night, as dark clothing is hard to see at night.

Acceptable reflectivity must be present on the front and back of the participant during the hours listed above. Reflective striping on a shirt or vest must be at least 1/3" thick. Reflectivity on shorts, pants, or hat does not count towards meeting the minimum requirement. A reflective vest or Y reflective harness are acceptable, whereas a reflective belt, reflective cloth, and/or reflective sleeves will not be accepted. We do not specify what kind of flashing light, as long as it is LED.

## HYDRATION & FIRST AID

There is only one first aid station on course, located at Exchange 18. BE PREPARED. CARRY LARGE WATER CONTAINERS in your vans to refill. The average team is on the course for 29 hours, so continually hydrate and carry ice/ice packs in your team vehicle! ColdVests will be at various locations on course in case of heat stroke.

Walkers must understand there are NOT any police promised to protect them from vehicle traffic along the course. Great care must be exercised at all times by racers and team vehicles. Racers proceed on the right side of the road for the majority of legs and must obey all traffic laws. At several exchanges, PTC hires professional traffic flaggers; obey their signals.

#### **GIVING ON COURSE AID/SUPPORT**

No team members or spectators are allowed to cross busy highways or streets with the purpose of giving aid or support to participants walking along that side of the road! Team vehicles MUST safely cross over to the other side of the road to the location of the walker, park, and then commence support.

#### **INCLEMENT WEATHER**

With certain severe weather conditions where the welfare of participants is at risk, or where significant damage or alterations to the race course occur, PTC organizers reserve the right to cancel the event. No refunds will be given if the race is canceled due to weather. Conditions that may result in the relay being canceled or delayed include but are not limited to the following: severe heat, electrical storm, snow, earthquakes, hurricanes, flooding, fog, etc. If there is extreme heat during the race we reserve the right to hold teams until the temperature drops. If there is lightning at the start of the race that organizers deem unsuitable for participating, PTC reserves the right to delay starts or hold the race until the lightning clears.

## 2024 COMMITMENT TO PORTLAND TO COAST TRAFFIC SAFETY

To keep the roads safe for all 18,000 participants, team vehicles and community residents, we annually partner with law enforcement to create a 'Safety Agreement' that all teams must follow. Teams and drivers are responsible for their own safety, as well as the safety of others traveling along the relay route. Motorists and relay participants rightfully deserve and appreciate safe roads. **Thanks for driving safely**!

#### The Portland To Coast Relay is conducted on open roads and is open to all traffic (unless specifically stated by Race Organizers). All teams agree to abide by the following regulations:

■ All state traffic laws shall be obeyed at all times while operating your Team Vehicle.

■ Violators of any Motor Vehicle laws are subject to ticketing by law enforcement at all times. (HTC is exempt from any responsibility or liability for illegal acts, and will report illegal acts if witnessed).

■ Team Vehicles must **completely** pull off to the side of the road when stopping to assist teammates, and not block the path of walkers. (Vehicles are required by law to be over the fog line and not in traffic lanes. Walkers are required to use the shoulders when available; team vans must exit the roadway completely to be clear of traffic and racers on the shoulder).

- Team Vehicles shall not block the roadway or race course at any time.
- Team Vehicles shall not block private residential driveways or roadways.
- Team Vehicles shall respect neighborhoods and others along highway and roads. The use of a horn (unless as a reasonable warning) and playing loud music may be unlawful.
- Team Vehicles may need to drive slower than the posted speed limit, but shall not impede traffic or follow on roads behind a walker.
- Team Vehicles shall obey the speed laws at all times.
- Open containers of alcoholic beverages are prohibited in any motor vehicle at all times when on a public highway.
- Team Vehicles shall obey drinking and driving laws at all times.
- Team Vehicles shall obey littering laws at all times.
- Teams agree to use approved restrooms and porta-potties, exclusively at all times.

Except in an emergency, all drivers shall obey Oregon's cell phone law. Avoid distractions -no texting. Use hands-free devices.

## **TEAM CATEGORIES**

PTC Men's Open: All male walkers, any age PTC Mens Submasters Walking: All males, minimum age of all runners is 30 PTC Men's Masters: All males, minimum age of all walkers is 40 PTC Mens Supermasters Walking: All males, minimum age of all walkers is 50 PTC Mens Champion Masters Walking: All males, minimum age of all participants is 60 PTC Corporate Mens Walking: All males, any age and ALL from the same business PTC Women's Open Walking: All female walkers, any age PTC Womens Submasters Walking: All females, minimum age of all runners is 30 PTC Womens Masters Walking: All females, minimum age of all walkers is 40 PTC Womens Super Masters Walking: All females, minimum age of all walkers is 50 PTC Womens Champion Masters Walking: All females, minimum age of all participants is 60 PTC Corporate Womens Walking: All females, any age and ALL from the same business PTC Mixed Open Walking: Any age and at least half of the team members must identify as women or non-binary PTC Mixed Submasters Walking: At least half of the team members must identify as women or non-binary, Minimum age of all runners is 30 PTC Mixed Masters Walking: Minimum age of all walkers is 40 and at least half of the team members must identify as women or non-binary PTC Mixed Super Masters Walking: Minimum age of all walkers is 50 and at least half of the team members must identify as women or non-binary PTC Mixed Champion Masters Walking: At least half of the team members must identify as women or non-binary, minimum age of all participants is 60 PTC Corporate Mixed Walking: Any age and ALL from the same business and at least half of the team members must identify as women or non-binary PTC Non-Binary Open: At least half of the team identify as non-binary or other self identification (age categories prompted as teammates register)

#### DID YOU KNOW?

In the first year, Hood To Coast had 10 person teams, equating to four legs per runner.

# DRIVER GUIDE

Driving the course requires just as much planning as walking the race. Follow the instructions included in the Driver Guide to navigate 127 miles with 3,000 other vans in a 36-hour time period.

#### **DRIVE COURSE BEFORE THE RACE**

- Take note of where all turns are located.
- Identify exchange zones and other areas prone to traffic congestion.
- Identify areas where parking is limited and plan accordingly.
- Take note of potential stop areas where the van can provide walker support.
- Know the locations of food and restrooms. Don't violate the law by going on private property.
- Locate gas stations, last fuel stop before Seaside is in St. Helens (Leg 18).
- Establish places, (other than exchanges), where your team vans can meet.
- Become aware of areas where vans won't be in contact with their walker and how to deal effectively.
- Cell phone coverage may not be available in all areas (particularly Legs 18-32).

#### **AREAS RESTRICTED TO ONE VAN**

There are at least two areas on the course that will be restricted to one van per team due to narrow roads with limited space for high concentrations of vans.

- Between Exch 18 (Columbia Co. Fairgrounds) and Exch 23 (Nehalem Hwy N, Vernonia)Map shown in handbook (pg 50).
- Between Exch 31 (Olney Grange) and HWY 101 in Seaside (Leg 36). Map shown in handbook (pg 63).

#### FREE TOWING & LOCK-OUT ASSISTANCE

As a service to participants, we've contracted with Roadside Assistance for roadside & lock -out services from Portland to Seaside. They can be reached at 503-616-0415 or cell: (971) 645-6182. If you are out of cell service, contact your nearest exchange leader who will radio the designated towing company on call.

#### **RULE REMINDERS**

- No team members are allowed to cross highways or streets to give aid. Vans must pull over to that side of road and park.
- No parking/stopping within 500 feet of an exchange! Don't drop off teammates near the exchange zone. 30 minute penalty!
- Vans must obey all parking signage and parking instructions issued by Race Officials.
- Exchanges are marked with yellow paint on paved roads and pink flagging along gravel roads.

#### **Register Today!**

Get the team back together after the Mother of All Relays for another relay adventure! The High Desert Relay boasts spectacular views on each leg from the scenic Cascade Mountains and Smith Rock, to the Prineville Reservoir and the Crooked River. We promise you won't want to miss this!

#### What comes with my team registration?

- Fully marked course with staffed exchanges
- Nike dri-fit race shirts
- Finisher medals
- Pool party finish line with food and beverages available
- Unforgettable memories for years to come!

<u>Race Details</u>

arrsing

- **October 5, 2024**
- Brasada Ranch, Powell Butte, OR
- 69.5 Mile Run Relay, 47 Mile Walk Relay
- One Day, One Van, 4-6 Teammates

#### MANAGING HYDRATION For Relay Events

#### STRATEGIES:

- Calculate your sweat rate and fluid needs per hour
- Practice hydration during training, in different temperature conditions
  - If < 60 min, water is sufficient
  - If > 60 min, use sports drink or water + gel/blocks/beans
  - Use a hand-held water bottle, waist pack, or hydration vest
- 🌖 Plan for your event
  - Purchase and prep drinks for each leg of the relay
  - Extra fluid needed for hot temps and high elevations

After each leg

 Replace electrolytes, carbs, and protein (goal 15-20 grams), replenishing fuel stores for next segment

# STORE S

#### **Sports Drink**

- Can be consumed while exercising
- Replaces electrolytes after workout/ event

72 #PTC24

#### **Protein Shake**

- Consume after exercise
- Replaces protein, carbs, and electrolytes after workout/event

#### Symptoms of Heat Exhaustion

- Excessive sweating
- Nausea/vomiting
- Cold, clammy, pale skin
- Dizziness Headache
- Muscle cramps
- Rapid pulse

### Calculating Sweat Rate:

- Urinate, then weigh yourself unclothed
- Exercise for 1 hour (if possible, avoid drinking or urinating)
- Re-weigh yourself unclothed

Pre-exercise weight - Post-exercise weight = Weight lost during 1 hr of exercise

- Each pound lost = 16 oz fluid
- Example: 150.0 lb pre weight
   <u>-147.2 lb post weight</u>

-2.8 lb x 16 oz = 45 oz fluid lost per hour while exercising

## **Hydration Science**

Most people know about sodium, but sweat also contains magnesium and potassium, which are important in maintaining fluid balance and muscle function. A lack of either mineral can worsen the symptoms of dehydration and cause extreme muscle cramps. Good sources include: **Magnesium:** Leafy greens, almonds, pumpkin seeds, tofu, flaxseeds **Potassium:** Bananas, pomegranate juice, beets, tomatoes, oranges

# Hydration Status Guide

Dehvdrated

Urine color can be used to determine hydration level. The darker the urine, the more dehydrated you are. The goal is a pale yellow color.

#### Symptoms of Dehydration

- Extreme thirst
  - Very dry mouth, lips, eyes
- Dark yellow, odorous urine
- Irritability

Hydrated

- Dizziness
- Confusion
- Lack of sweating
- Rapid breathing/heart rate

PROVIDENCE Sports Medicine

#### BY THE VAN: Warm Up & Cool Down

A good dynamic warm up is an essential element of any physical activity. Devoting time to a thorough warm up can help improve performance by increasing core body temperatures, preparing muscles and joints for movements, sharpening mental focus, and, importantly, decreasing injury risk. A cool down can help your body get back to rest and recovery quicker, as well as keep your muscles and joints in good working order.

#### WARM UP

#### **HIP FLEXOR STRETCH**

Place one foot on the ledge of the van inside an open door, with your other foot down on the ground. Stand tall, lean forward into van keeping both feet flat, until you feel a moderate stretch on the front of the hip, then return to start. Repeat 15 times each side, holding for 1 sec during stretch.

#### **STANDING CALF STRETCH**

Using van for balance, lunge one foot a few feet forward, keeping both feet flat on the ground. Bend the front knee and lean forward, keeping the back leg straight and the back heel flat on the ground until you feel a moderate stretch on the back of your calf and knee. Repeat 15 times each side, holding for 1 sec during stretch.

#### **STANDING HAMSTRING**

Place one heel on the ledge of the van inside an open door. Stand tall and lean forward, keeping your back straight and neutral. Keeping both legs as straight as possible, lean until you feel a moderate stretch on the back of your knee and thigh on the leg resting inside the van. Repeat 15 times each side, hold for 1 sec during stretch.

#### **STANDING ITB STRETCH**

Stand next to the van for balance if needed, cross one leg in front of the other and then stand tall with arms overhead. Reach arms away from the front leg, pushing your hips towards the side until you feel a stretch down the side of your outer hip and spine. Repeat 15 times each side, hold for 1 sec during stretch.

#### **STANDING QUAD STRETCH**

Using the van for balance as needed, keeping tall, reach down and grab your foot near the toes, pulling it behind you. Keep your thighs together and hold until you feel a moderate stretch on the front of your thigh as well as front of your ankle. Repeat 15 times each side, hold for 1 sec during stretch.

#### START

#### COOL DOWN HIP FLEXOR STRETCH

Same set up as the warm-up, but HOLD the moderate stretching sensation for 30 sec. Repeat 2-3 times on each side.

#### **STANDING CALF STRETCH**

Same set up as the warm-up, but HOLD the moderate stretching sensation for 30 sec. Repeat 2-3 times on each side.

#### **STANDING HAMSTRING**

Same set up as the warm-up, but HOLD the moderate stretching sensation for 30 sec. Repeat 2-3 times on each side.

#### STANDING ITB STRETCH

Same set up as the warm-up, but HOLD the moderate stretching sensation for 30 sec. Repeat 2-3 times on each side.

#### **STANDING QUAD STRETCH**

Same set up as the warm-up, but HOLD the moderate stretching sensation for 30 sec. Repeat 2-3 times on each side.
